

BLK RENOVATIONS

HOME SWEET HOME

A COMPLETE TRANSFORMATION

For this family home in Eltham, BLK Renovations worked with the homeowners to renovate their entire house. The company specialises in completing projects with multiple rooms and offers a total service, including design and project management.

The luxurious ensuite features an earthy colour palette and is bathed in natural light, thanks to a VELUX roof window and glass block window. The glass block window is part of a feature wall, where the large-format stone-look porcelain floor tiles continue up the wall, contrasting with the surrounding white wall tiles. The same tiles were also used in the family bathroom.

To retain all the light let in through the new window, BLK Renovations selected a frameless shower with a wall niche to avoid clutter, and a Hansgrohe 'Raindance' showerhead. The walk-in shower also features a seamless flush entry.

Stepping out of the shower, the homeowners can take a warm towel from the luxurious heated towel rail. The vanity unit provides ample storage space and is topped with Caesarstone in 'Glacier'. The vanity top houses twin sinks, complete with Gessi mixer taps.

As part of the renovation of the entire home, the slate flooring that was used throughout was pulled up and replaced with solid spotted gum, as pictured here in the home's kitchen. Complementing the warmth of the floor and continuing the home's natural colour palette, are the Polytec MELAMINE doors and cabinetry.

The team again selected Caesarstone 'Glacier', this time for the U-shaped benchtop, which houses a Franke undermount sink and a Miele induction cooktop. Premium Miele appliances are used throughout the kitchen, which also features a chic glass splashback.

Established by Shane Taylor, BLK Renovations has been exceeding its customers' expectations for more than a decade. Winner of multiple awards, including Australian Bathroom of the Year 2001, BLK Renovations specialises not just in bathrooms but also in kitchens, laundries and extensions. Working in North Eastern Melbourne, BLK Renovations undertakes about 30 bathrooms a year.
